

# Courtroom to Classroom Drawing Contest

Grades K-12

The Supreme Court of Pennsylvania Historical Commission is excited to announce a statewide series of student contests designed to spark curiosity, creativity, and deeper understanding of the judicial branch of government. This initiative invites students to explore the work, role, and impact of the courts through a variety of fun and educational activities. Let's celebrate our courts and the rule of law – and inspire the next generation of informed citizens and leaders!

Students are invited to participate in this fun and creative way for kids to explore the judicial branch. Whether it's judges, courtrooms, or symbols of justice, we encourage students to let their imaginations soar and show what justice means to them—through art!

**SUBMISSIONS ACCEPTED  
ON A ROLLING BASIS**
