

Courtroom to Classroom Infographic Contest

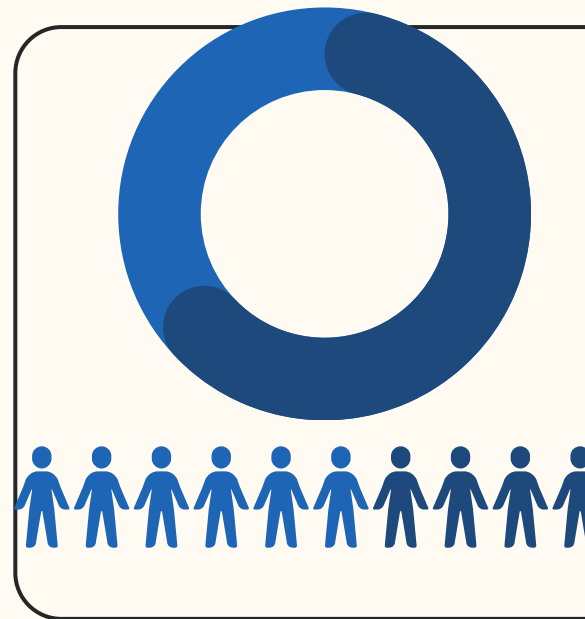

Grades 6-12

The Supreme Court of Pennsylvania Historical Commission is excited to announce a statewide series of student contests designed to spark curiosity, creativity, and deeper understanding of the judicial branch of government. This initiative invites students to explore the work, role, and impact of the courts through a variety of fun and educational activities. Let's celebrate our courts and the rule of law — and inspire the next generation of informed citizens and leaders!

Students in all grade levels are invited to create an infographic that explains the structure and functions of the judicial branch, highlighting its role in interpreting laws and ensuring justice.
